# AUS SLOT™

Aus Slot™ is a modular acoustic panel, suitable for a wide variety of wall and ceiling applications. Aus Slot™ can be manufactured from a variety of materials including MDF, timber, veneer and plywood. When combined with our acoustic backing fabric, or an insulation of your choice, Aus Slot™ provides significant noise reduction and acoustic benefits.

## BENEFITS

- Improved acoustics of your chosen area
- Australian made product
- Available in a range of different styles, sizes and finishes
- Group 1 to Group 3 Fire rated to Australian Standard ISO 9705-2003
- Available in E0 Medium Density Fibreboard (MDF) a low emissions, environmentally friendly product

## APPLICATIONS

Suitable for a variety of applications such as:

- Internal acoustic ceilings
- Internal acoustic walls
- Decorative walls and ceilings in hallways, offices, sporting venues, libraries or auditoriums

## VARIATIONS

Aus Slot™ is available in a number of different variations:

- Square or chamfer edge profile
- A range of panel sizes and thicknesses
- Acoustic backing fabric (standard black, white available for large quantities)
