AUS PERFORATED™

As part of Acoustic Panels Australia's continued collaboration with First Nations artists, our Red Earth Echoes range features unique designs from the visionary Indigenous artist **Tyrown Waigana**. Red Earth Echoes is an exciting fusion of art and acoustic treatment, inspired by the heart of the land. Tyrown's striking images are brought to life in our Aus Perforated™ acoustic panel range, inviting both beauty and harmony into your space.

Aus Perforated™ features Tyrown's artwork printed on your choice of perforated wall panel materials, offering a powerful visual and acoustic experience. Add our acoustic backing fabric or insulation for increased sound absorption.

BENEFITS

- Acoustic enhancement
- Australian-made product
- Suitable for a variety of applications
- Group 1 to Group 3 Fire rated to AU Standard ISO 9705-2003

APPLICATIONS

Suitable for a variety of applications such as:

- Internal acoustic walls and ceilings
- Decorative walls and ceilings in hallways, offices, sporting venues, libraries or auditoriums

VARIATIONS

Aus Perforated™ is available in a number of different variations:

- Square or chamfer edge profile
- A range of panel sizes and thicknesses
- Acoustic backing fabric (standard black, white available for large quantities)

Tyrown is a multi-disciplinary artist and designer who enjoys expressing his cultural heritage in his unique and colourful designs.
