AUS TILES™

RED EARTH ECHOES

As part of Acoustic Panels Australia's continued collaboration with First Nations artists, our Red Earth Echoes range features unique designs from the visionary Indigenous artist **Tyrown Waigana**. Red Earth Echoes is an exciting fusion of art and acoustic treatment, inspired by the heart of the land. Tyrown's striking images are brought to life in our Aus Tiles™ range, inviting both beauty and harmony into your space.

Aus Tiles™ is a durable ceiling tile configured for ease of use and installation. Manufactured from a variety of materials including MDF, timber, veneer and plywood, it provides a straight drop-in solution to many types of ceiling grids. Aus Tiles™ can be used with our acoustic backing fabric or insulation of your choice to assist in noise reduction and acoustic enhancement. Aus Tiles™ is available in a variety of styles, such as slotted and perforated, as well as custom patterns.

FEATURES

- Modular panels for drop-in solutions
- Available in a variety of different finishes
- Extensive range of panel sizes and thickness
- Custom designs and sizes to suit your selected application

BENEFITS

- Improved acoustics of your chosen area
- Australian made product
- Group 1 to Group 3 Fire rated to Australian Standard ISO 9705-2003

APPLICATIONS

Suitable for a variety of applications such as:

- Internal acoustic ceilings
- Decorative ceilings in hallways, offices, sporting venues, libraries or auditoriums

VARIATIONS

AUS Tiles™ are available in many different variations:

- Square or Chamfer edge profile
- A range of panel sizes and thicknesses (see table)
- Acoustic backing fabric (standard black, white available for large quantities)
- Custom tile designs are available
